THE UNIVERSAL CAR

The Ford Sedan, with electric starting and lighting system, demountable rims with 3 1/2-inch tires all around, is the ideal family car because of its general utility and refined and comfortable equipment. Finely upholstered. Plate glass windows. An open car in the spring, summer, and early fall. A closed car in inclement weather and winter. Rain-proof, dust-proof. In the city or the country, a family car. The low cost of operation and maintenance is not the least of its charms. Won't you come in and look it over?

## \* Great Profits Being Made

"The heaven will be the limit" with Scott county land, if it continues to soar. One of the largest land owners declared at Georgetown last week that he believed first class lands in Scott county will rise to \$1,000 an acre.

Wm. T. True, after owning the 91 acre farm on the Cane Run pike, out of Georgetown, for one month, sold it last week with a profit of \$6,200. He purchased the place in October for \$321.60 and sold it to Mrs. John Mansfield for \$400 an acre. J. L. Lancaster, Jr., made \$4,000 on his farm, which he bought a year ago, and sold to Shed A. Hardy. The land consists of 86 acres on the Frankfort pike, and is a portion of the old Pepper place. The price was \$280 an acre. It is understood that Geo. Friedley also increased his bank account by \$6,000 on his farm which has been in his possession one year. The 47 acres brought \$15,000 and were purchased last year for \$9,000. L. Graves and Walter Mullins were the buyers.

The Yun-nan railroad in China is chiefly notable for the number of days it does not operate.
